Informcare

The EU Information Hub on Informal Care

Funded by the European Commission's
Seventh Framework Programme
FP7-HEALTH-2012-INNOVATION-1/No 306058

The **INNOVAGE** project is dedicated to developing, implementing, evaluating four potentially cost-effective social innovations and creating a new web-based platform consisting of social innovations from anywhere in the world.

INRCA and **EUROCARERS** are contributing as INNOVAGE partners by developing a web platform addressing **informal carers'** needs, which will be implemented in 27 EU member states with both common and national-specific services.

Two additional versions will be available for a certain number of countries:

- **employers of working carers version**
- **care professionals version**

The platform aims at:

- providing appropriate web-based support services to informal carers
- making them available also in countries with few or total lack of targeted services
- promoting an active network of carers organizations

The platform provides:

- national information on care and support services
- legal and financial information
- information about the most common impairments of older people
- strategies and information about coping with caregiving
- suggestions on how to reconcile care with family and work

Interactive services available to support carers in everyday tasks:

The INNOVAGE
web platform for informal carers will be available in 27 EU Member States

Care professionals' version will be available in:

Bulgaria	Malta
Czech Republic	Poland
Germany	Portugal
Lithuania	Slovakia
Luxembourg	Sweden

Employers' version will be available in:

Bulgaria	Poland
Czech Republic	Portugal
Germany	Slovakia
Lithuania	Sweden
Malta	United Kingdom
