WLB Directive and new Carers' rights

Benefits and entitlements too often provided **at a minimal level**

- Narrow-focused notion of 'informal care' (i.e. based on type of condition, severity, etc.),
- Strict eligibility criteria
- Reliant on employers' approval or discretion

An unfinished journey !

Enhancing the rights of carers through the Social Pillar

1. APPROACH YOUNG CARERS AS A GROUP AT RISK.
2. EXTEND CARERS' RIGHTS TO TRAINING AND LIFE-LONG LEARNING
3. A CARER'S LEAVE THAT MAKES A DIFFERENCE
4. ADEQUATE INCOME FOR CARERS
5. PENSIONS CREDITS FOR CARERS
6. AN AMBITIOUS EU INITIATIVE ON LONG-TERM CARE

→ **AN EU STRATEGY TO SUPPORT AND EMPOWER INFORMAL CARERS**

Approach Young Carers as a group at risk

- Obstacles faced by young carers are well documented: education, mental health, social inclusion...
- Young carers have been identified as being at higher risk of becoming NEET

AND YET...

- Young carers remain largely invisible in policy developments
- Lack of awareness of the challenges faced by young carers among key stakeholders

THE EU SHOULD LEAD THE WAY

- Addressing the situation of young carers via the new strategy on the rights of the child and the child guarantee
- Building on promising practices and projects

Pension credits for carers

- There is evidence that the risk of poverty among women increases with age, especially in retirement, with benefits 40% lower than those of men. Caring breaks contribute to gender pension gaps.
- There is a consensus on the need **to give informal carers adequate pension rights** (High-level Group of Experts on Pensions, 2019, Council Conclusions 2016, Gender Equality Strategy 2020-2025..)

AND YET...

- No comparative data
- Pension provisions for carers remain uneven and insufficient across the EU.

ACTION FOR SOCIAL JUSTICE IS NEEDED NOW

- Following the examples of Austria, Ireland, and France
- Considering the value and the costs of caring
